Looping in Marietta.

Marietta – my apologies for leaving you off this chain. Please see my note highlighted below and let me know if you have any issues with what OCHP has listed for OPP.

POCHP is preparing for their next FACA meeting on 5/3 and 5/10 and plan to provide in advance of the meeting the chart below listing updates about major EPA actions since their last meeting in December. Any issues with what they've listed below for OPP?

Subject: Sharing OCSPP Actions with CHPAC

Hi Cheryl,

We're getting ready for the next meeting of our FACA committee, the Childrens Health Protection Advisory Committee, on 5/3 and 5/10. One of the materials we provide in advance of the meeting is an update about EPA actions since the last meeting (which was in early December).

The table below is what we put together for OCSPP actions. It's a shorter format than what was previously provided to CHPAC and we're mostly providing links for the CHPAC members to visit if they want more information

Any issues with what's listed here or any additions OCSPP would like the CHPAC members to know about?

Please let me know by COB Friday. Thanks!

Topic	EPA Action	Date
Lead	EPA finalized updates to the <u>Dust Lead Clearance Levels</u> in December 2020, lowering clearance levels on floors to 10 mg/ft ² (from 40 mg/ft ²) and on windowsills to 100 mg/ft ² (from 250 mg/ft ²). <i>This regulation went into effect in 3/8/21.</i>	12/2020
